I'd have to play ball with you one this subject. Which is not sohetming I typically do! I enjoy reading a post that will make people think. Also, thanks for allowing me to speak my mind!

Hmmm. . . 1%?Isn't that the percentage of Jews in the US? or close to it?The more I see of these "occupy" poplee, the more I think it's "anti-semites in action."Blaming all you problems on a small minority is nothing new. It's been done before.But we "rich" Jews have been through this before, even though we are not all rich, and we're just a tiny minority, it seems that we are getting blamed again.Michael Moore and even David Letterman, poplee whose net worth definitely puts them into that "1%" have opined that they are not members of that group.The group, is, I think, US. The Jews. Again, we are the problem.And that is why Bones did this cartoon.Shabbat Shalom!

Bones, I have to disagree. The Occupy Protesters beleive in their right to live in a system that lives up to its promises - that this is the land of the free, we all have equal opportunity, and nobody gets to cheat.The system is worse than broken, and that is what these people are up in arms about. We don't HATE rich people, we don't HATE banks, we don't HATE profit.We are fed up with the people who have hijacked our country, stolen our wealth, and destroyed our political system. A better cartoon would be Satan taking cash bribes by weapons contractors to keep the wars going. 'Cause thats how it is

Down the think, your philosophy is sudipter than stupid." The devil is an independent entity and can do anything it wants to do...therefore the devil is a god."The devil can't do whatever it wants to do, no one believes that and that wouldn't make it a god.Only God is God. And how he is God, no one will know.Bones, I think you should make him look like Bin Laden.After all, that Son of a Bitch is burning there as of now. enxfr.com dbdgelc [link=http://sbqxoy.com]sbqxoy[/link]
